Director Arizona Department of Corrections  
1801 West Jefferson  
Phoenix, Az. 85007

Dear Director Ryan:

Al Murphy and I have reviewed the draft report of the security assessment of ASP Kingman. We are in substantial agreement with the report and are committed both individually and as Company to make the corrections necessary to provide the level of security expected of all professionals in our business. Management & Training Corporation accepts full responsibility for this escape. This commitment to corrective action includes:

1. A complete review and repair of the existing perimeter alarm system at the Hualapai unit. This repair will include any and all needed ancillary issues dealing with that repair and preventive maintenance of the system.
2. We will assign four (4) static and mobile perimeter patrols for the Hualapai unit.
3. We will assign two (2) perimeter patrols for the Cerbat unit.
4. We will curtail inmate movement and implement a controlled movement plan that complies with ADC policy for medium custody.

We recognize the importance of these issues and will fully address the draft report at our meeting on 17 August 2010. In the mean time, please accept this letter as MTC's expressed commitment to work in partnership with ADOC to correct any deficiencies at ASP Kingman.

Thank you for your commitment of time to personally discuss these issues with us.

Sincerely,

Odie Washington  
Senior Vice President
